FAT EXPLORER

SPORT-ON proudly presents a FAT EXPLORER. This extraordinary handcycle is a upgraded version of our flagship off-road handcycle and is offered as a separate model, due the fact of many changes in design. FAT EXPLORER is factory equipped in a FAT WHEELS, 750W electric assist, CNC machined front and rear suspension and internal cable routing. This handcycle is unstoppable off-road, especially on soft surfaces like sand, mud or snow.
